OUR CUSTOMERS WRITE US

Minerva, Ohio

Aug. 31, 1949

Dear Mrs. Hopkins:

Find enclosed check \$10.00 for which please send a mixture. Your bulbs last year proved very good so I want to try some more.

I now have about two acres on a hillside, all wooded section, inside the village limits just across the street from the High School. I plant them just for beauty as I don't sell any bulbs or flowers. It is my hobby. I now have more than fifty thousand blooming at one time.

Any kind of a good mixture is O. K. as I want as many kinds as possible so the students can enjoy the first signs of springtime.

Sincerely,
CHARLES A. HART, Postmaster

Norwood, Mass.

Dear Sir:

Aug. 28, 1949

Will you kindly send me your catalog? My tulips seem to need replanting and also would like to order more this fall. I am very fond of the crocus and daffodils. Have seen some new ones at the Boston daffodil show and want to try them.

I belong to a narcissus Round Robin, and your bulbs have been recommended through some of the robins. Will send my order later. Thank you.

Sincerely,
MISS MARGARET SMITH

Atlanta, Georgia

March 27, 1950

Dear Folks:

Have your "Gloucester Mixture" blooming now for several weeks. They have given us much pleasure - so many different varieties. Send catalog so we can place order now for 1950.

Yours truly,
JAMES MILLAR

Smith Center, Kans.

Dear Sir:

Sept. 9, 1949

Please send me 1 bu. of daffodils for naturalizing. Please ship as soon as possible. This is my second order for bulbs. My first order was lovely. I especially appreciated the variety of colors and kinds.

Thank you.
MRS. ARLEE PETERSON

Huntington Sta., N. Y.

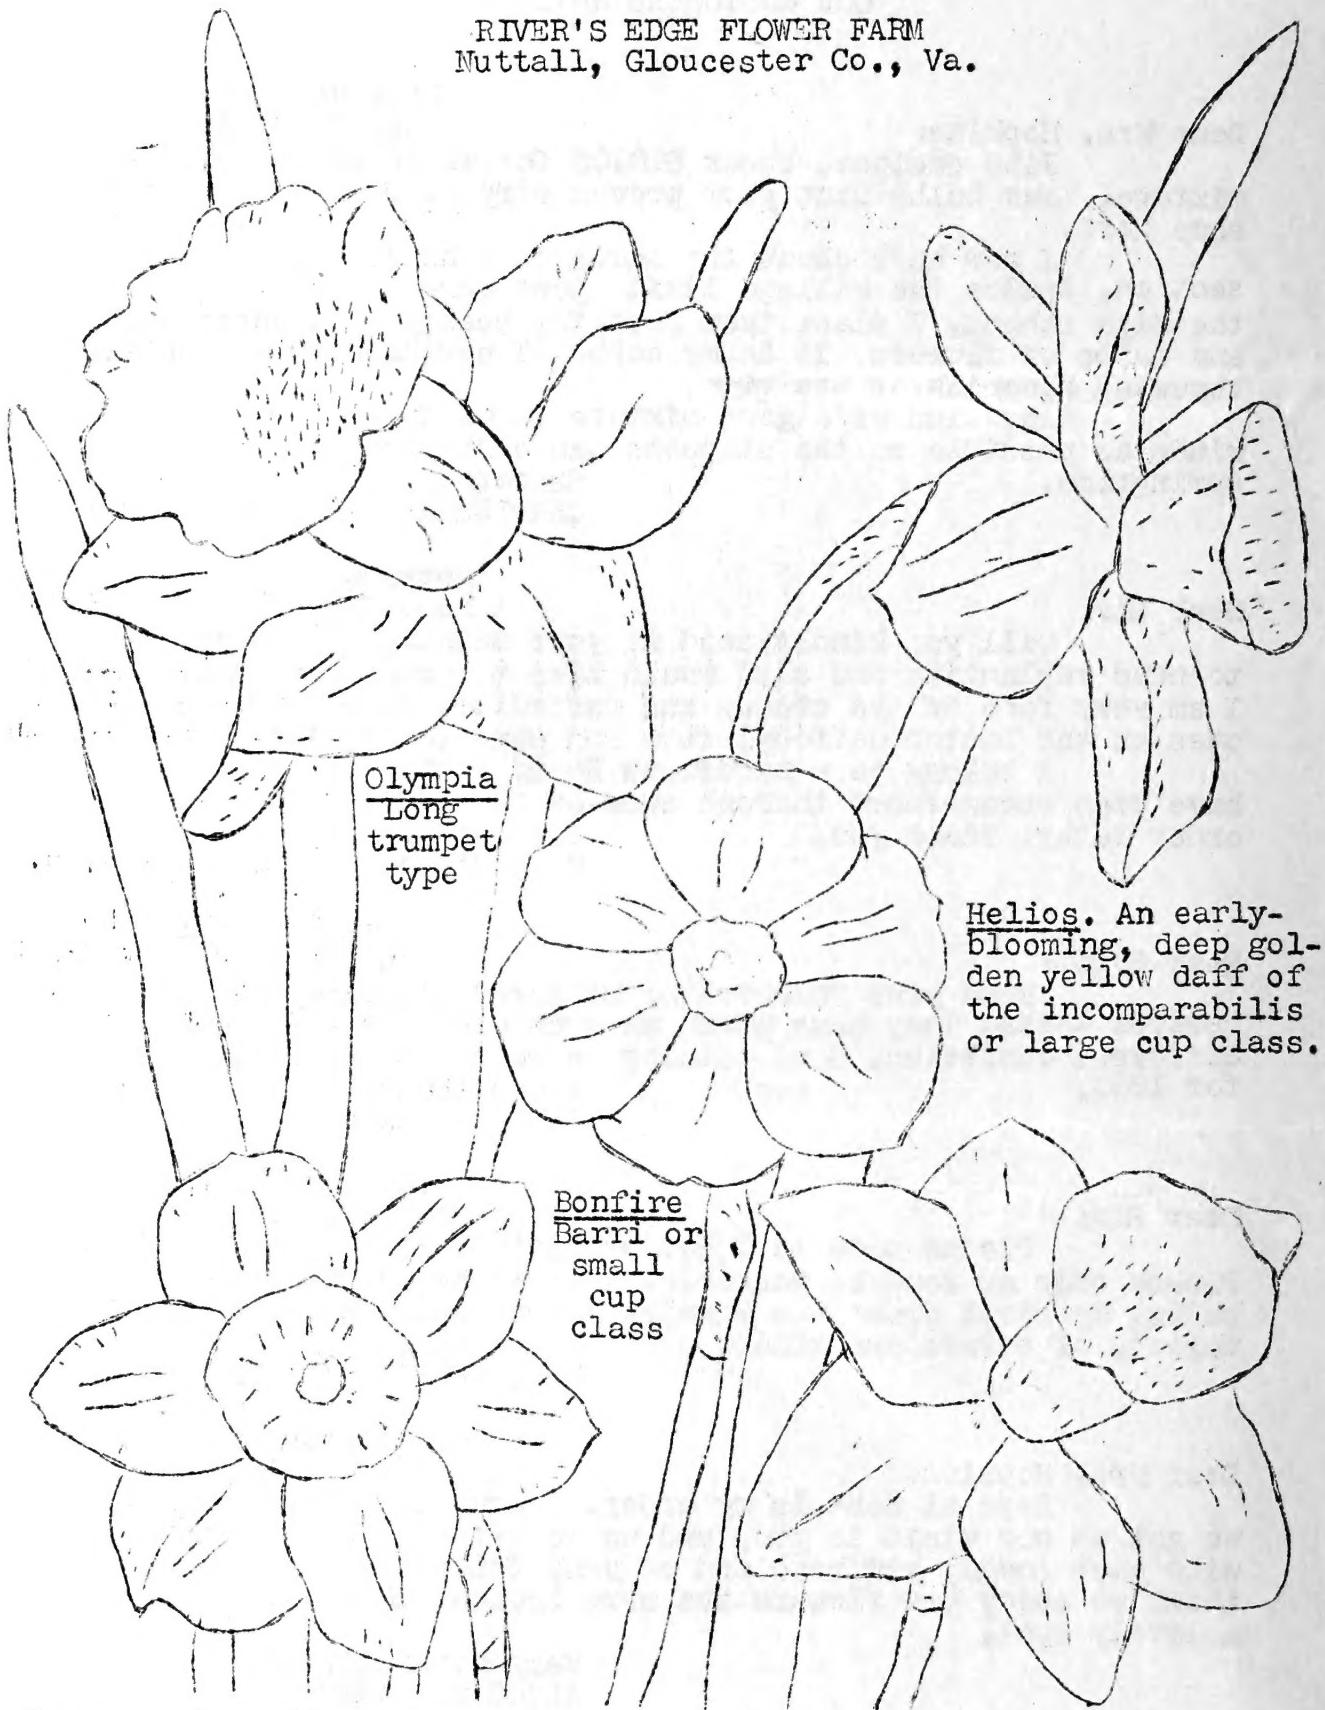

Dear Mrs. Hopkins:

Sept. 22, 1949

Here at last is my order. I have so enjoyed the bulbs we got on our visit to you, and we so often talk of River's Edge with your lovely old home and of your friendliness to us. I think we enjoy our flowers the more because they came from such a lovely spot.

Very cordially yours,
ALICE M. GARMS

Our Specialty—Daffodils for Naturalizing

Dear Friends and Gardeners:

Were your bulb gardens and naturalized plantings of daffodils beautiful this spring? We are sure they were though some of you in the Northeast may have had some early blooms nipped by the freak frosts.

We bulb enthusiasts plan for next spring many months ahead, and I am sure you are planning now to have some new types and varieties of bulbs as well as larger plantings.

At River's Edge we think there is no hobby quite as much fun as growing daffodils. Although there is year-round work in maintaining our twenty acres of daffodils in first-class condition, we enjoy our flowers and watch each individual variety open in the spring with great interest.

We are grateful for the pleasant and interesting letters many of you have written us about your success in growing and naturalizing our daffodils. Daffodils from River's Edge have been used to beautify many a vacant lot in town as well as to give the effect of beautiful spring wildflowers in "naturalized" plantings on hillsides, in meadows, by lakes, or in light woods.

Sincerely,

(MRS.) SELINA L. HOPKINS.

WE PREPAY ALL CHARGES on all bulbs, including our bushel and peck offers, to all points EAST OF THE MISSISSIPPI RIVER.

CUSTOMERS LIVING WEST OF THE MISSISSIPPI RIVER will please add ten per cent to our prices for DAFFODILS to help with transportation charges. (This is necessary because daffodil bulbs are heavy, and the cost of transporting them is quite high.) Tulips and all other bulbs will be sent any place in this country postpaid.

MINIMUM ORDERS: One-half bushel may be bought at the bushel rate. Six or more bulbs may be bought at the dozen rate and 25 bulbs at the 100 rate.

GUARANTEE: Our bulbs are guaranteed to reach you in first-class condition. Packages should be opened at once on arrival and examined. Any molded bulbs reported within 10 days of receipt will be replaced free of charge.

PRICE LIST: If you do not intend to plant bulbs this year, you will do us and one of your friends a favor by passing this list on to another gardener.

WHEN TO PLANT ALL BULBS: Daffodils may be planted from Sept. 1 to Nov. 15 or until freezing weather sets in, but early planting is an advantage to them. Oct. 1 is early enough to start planting tulips, iris, crocus, hyacinths, and minor bulbs, and these also may be planted up until time for the ground to freeze. In order to insure that a good selection of bulbs will still be available you should place your order as early as possible however.

DELIVERY: We start to fill our accumulated orders of daffodil bulbs about September 1. The tulips, crocus, hyacinths, and minor bulbs which we are offering for sale are Holland-grown. Orders for them will be filled as soon as possible after we receive our shipment from Holland, which should be by October 1.

DEPTH TO PLANT: Daffodils and hyacinths base 6 or 7 in. deep; tulips 4 in.; crocus and minor bulbs 3 in. deep.

COMPLETE CULTURAL INSTRUCTIONS will be inclosed in each order. Bulbs are easy to grow and will reward you richly for your effort.

LABELING VARIETIES. All varieties sold individually or in collections are separately packaged and labeled. Varieties sold in mixtures are not separated.
